**Overall Height:**

48.000 inches

**Overall Diameter:**

14.000 inches

**Pressure Rating:**

80.0 pounds per square inch

**Voltage In Volts And Current Type:**

110.0 ac

**Product Name:**

Deionizer

**Special Features:**

Min 20psi, maximum 60psi feed pressure; 200 ppm maximum feed salinity; min 2deg c, maximum 40deg c feedwater temp

**Material:**

Plastic

**General Description:**

10 gpm deionizer; includes exchange tank, exchange tank adaptor assembly with 1.0in. Fpt inlet and outlet and a resillite bi-color resistivity monitor

**Thread Size And Series/type Designator:**

4.500-8 buttress

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
