**End Application:**

Easypure system

**Special Features:**

Part of barnstead easypure compact deionization systems; cartridge characteristics: organic-free resin (combo of carbon/ultrapure mixed-bed resin); use in final position when toc of <10ppb and high resistivity are required for deionization, distillation or reverse osmosis feed

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T269-b
