End Application:

Deminerlizer; wsd: arleigh burke class ddg

Product Name:

Vessel assembly, deoxygenation

Special Features:

Capacity is 5 gal per min., total components- 28, rated efficiency is aprox. 90% removal of oxygen

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
