Overall Length:

18.500 inches

Overall Height:

18.130 inches

Overall Width:

12.250 inches

Voltage In Volts And Current Type:

240.0 ac

Product Name:

Easypure reservoir feed, 230v

Special Features:

50/60 hertz; inlet temp fc 40-120; maximum inlet pressure psig 100

Functional Description:

Portable reservoir feed system requires no piping; ideal for areas where direct plumbing is not available; provides 5 ppb total organic carbon, toc, and up to 18.3 megohm-cm resistivity; capable of delivering 0.5 liters of ultrapure water per minute; 15 liters daily

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
