**Overall Length:**

6.750 inches

**Overall Height:**

16.750 inches

**Overall Width:**

10.625 inches

**Voltage In Volts And Current Type:**

9.000 dc

**Special Features:**

Connect to water supply or tap, for chemical and electrochemical applications, reagents, microbiology and culture media; purifies 3/4 to 1 3/8 gal. Type ii deionized water per day

**General Description:**

Weight: 10 lbs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
