Overall Length:

6.750 inches

Overall Height:

16.750 inches

Overall Width:

10.625 inches

Voltage In Volts And Current Type:

9.000 dc

Special Features:

Connect to water supply or tap, for chemical and electrochemical applications, reagents, microbiology and culture media; purifies 3/4 to 1 3/8 gal. Type ii deionized water per day

General Description:

Weight: 10 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
