## NSN 4610-01-498-3839

Water Purification System - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4610-01-498-3839

Overall Length:
6.750 inches

Overall Height:
16.750 inches

Overall Width:
10.625 inches

Voltage In Volts And Current Type:
9.000 dc

Special Features:

Connect to water supply or tap, for chemical and electrochemical applications, reagents, microbiology and culture media; purifies 3/4 to 1 3/8 gal. Type ii deionized water per day

General Description:

Weight: 10 lbs

Shelf Life:

-- Demilitarization:

**Unit Of Measure:** 

No

N/a
