Overall Length:

14.300 inches

Overall Height:

10.800 inches

Overall Width:

5.700 inches

End Application:

4610-01-219-8707; reverse osmosis water purification unit, rowpu

Pressure Rating:

100.0 pounds per square inch

Voltage In Volts And Current Type:

120.0 ac

Product Name:

Electronic metering pump, series b

Special Features:

Output 2.5 gph max: us plug, liquid end, pump equipped with 4 function valve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
