End Application:

Reverse osmosis water purification unit, model h-9518-1, nsn 4610-01-420-7547; model h-9518-2, nsn 4610-01-420-7546; model h-9518-3, nsn 4610-420-7548

Product Name:

Multimedia filter

Special Features:

70-120 gpm backwash rate; 25 psig inlet pressure; 100 psig max. Operating pressure; 40-120 degrees f. Temperature range; carbon steel skirt and support material; 30 in. O.D. X 36 in s.S.; 90/10 copper nickel vessel; brass valves and pipe fittings; filter is suitable for salt water usage; 5 psi max. Differential; 6.5 gpm operation data

Functional Description:

Used on the 600 gph rowpu

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
