Potable Water Capacity:

1.8 liters per minute

Product Name:

Waterpro ps/hplc polishing station with dispensing valve

Voltage In Volts:

230.0

Special Features:

31.1 in. X 7.7 in. X 28.9 in.; 4 amps, international; purification method by carbon filtration, deionization, organic absorption, ultraviolet exposure

Frequency In Hertz:

50.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T227-c
