End Application:

Reverse osmosis module asy; wsd: oliver perry class ffg

Product Name:

Reverse osmosis element

Special Features:

Body material: a & m composite; element is repairable/reusable; max. Operating pressure: 1000psi; hydro test max. Pressure 1500psi; temperature rating: 20 deg. F min., 100 deg. F max.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
