**End Application:**

Reverse osmosis module asy; wsd: oliver perry class ffg

**Product Name:**

Reverse osmosis element

**Special Features:**

Body material: a & m composite; element is repairable/reusable; max. Operating pressure: 1000psi; hydro test max. Pressure 1500psi; temperature rating: 20 deg. F min., 100 deg. F max.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
