End Application:

Reverse osmosis pressure vessel 8 in 1000 psi

Product Name:

Compression fitting sensor

Special Features:

Part number breakdown: 3422=model number, compression fitting style enhanced performance contacting conductivity sensor w/titanium electrodes; c=1.0 cell constant; 6=extended sensor body w/316 stainless steel over electrode; d=316 stainless steel w/3/4 in. Npt conduit connection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
