Overall Length:

42.000 inches

Overall Height:

25.000 inches

Overall Width:

36.000 inches

Current Rating:

4.000 amperes

Wattage Rating:

150.000 watts

Voltage In Volts And Current Type:

230.0 ac

Special Features:

Approx. 100 gal. Capacity; unit will grind and pump 100 gal. In about 220 sec.; fitted with a check valve to stop back feed of the system; includes tank heater; dwg is aar-atics inc. Print no. 50384288

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
