**Cross Sectional Shape:**

Plain round

**Wall Thickness:**

0.028 inches

**First End Style:**

Single flare

**First End Outside Diameter:**

0.781 inches

**First End Flare Length:**

0.120 inches

**Diameter:**

0.625 inches

**Second End Relationship With First End:**

Identical

**Construction:**

Seamless

**Heat Treatment:**

Annealed

**Material:**

Aluminum alloy

**Material Specification:**

Ww-t-700/4 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A004a0
