Cross Sectional Shape:

Plain round

Second End Relationship With First End:

Identical

Construction:

Seamless

Special Features:

Grumman corp, f-4 aircraft

Material:

Aluminum alloy 6061 or aluminum alloy

Material Specification:

Ww-t-700/6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
