Cross Sectional Shape:

Round

Inside Diameter:

0.500 inches

Outside Diameter:

0.625 inches

Exterior Color:

Black

Outer Covering Environmental Protection:

Weatherproof

Inside Surface Condition:

Smooth

Material:

Plastic polyethylene terephthalate tube

Specification Data:

81348-I+390 government specification

Specification Or Standard:

3 type and 3 grade and I class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A54200
