| Pipe Size Designation:                                  |
|---|
| 1.000 inches  |
| Wall Thickness Designation:                             |
| Schedule std  |
| First End Style:  |
| Threaded external                                       |
| Welding Method:   |
| Furnace butt  |
| First End Thread Series:                                |
| Npt   |
| Second End Relationship With First End:                 |
| Identical   |
| Construction:   |
| Straight seamed   |
| Maximum Operating Pressure:                             |
| 700.0 pounds per square inch                            |
| First End Thread Size:                                  |
| 1.000 inches  |
| Thread Protective Device And Quantity:                  |
| 1 coupling  |
| Measuring Method And Length:                            |
| 252.000 inches specific                                 |
| Special Features:                                       |
| Grumman; a10 aircraft; 0.138 in.Wall thk; 1.315 in.Od   |
| Material:   |
| Steel   |
| Material Specification:                                 |
| Astm a53 assn standard single material response         |
| Surface Treatment:                                      |
| Zinc outside  |
| Surface Treatment Specification:                        |
| Astm b6 assn standard single treatment response outside |
| Specification Data:                                     |
| 81348-ww-p-406revd government specification             |
| Specification Or Standard:                              |
| A weight and 2 class                                    |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:  |
|   |
| Demilitarization:                                       |

No
