Metallic Bent Tube - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4710-00-607-2316

Cross Sectional Shape:
Plain round
Wall Thickness:
0.035 inches
First End Style:
Outside beaded
First End Outside Diameter:
1.500 inches
First End Bead Outside Diameter:
1.655 inches
First End Length From Bead Center To End:
Between 0.220 inches and 0.280 inches
Diameter:
1.500 inches
Second End Relationship With First End:
Identical
Construction:
Seamless
Heat Treatment:
Annealed
Material:
Aluminum alloy
Material Specification:
Ww-t-700/4 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A004a0
