Diameter:

5.125 inches

Second End Relationship With First End:

Identical

Construction:

Seamless

Surface Condition And Location:

Outside polished

Measuring Method And Length:

27.250 inches specific

Material:

Steel

Material Specification:

Mil-t-6736, regular grade, type 1, cond a military specification single material response

Surface Treatment:

Chromate outside

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0

Mil-std (military Standard):

Mil-t-6736 spec.
