# Material Thickness:

0.0598 inches

# Longitudinal Joint Fastening Method:

Lap riveted

# Special Features:

In and outside surface treatment, zinc; nom. Inside diameter 15.000 in.; length 240.000 in. Nom.

# Material:

Iron

Shelf Life:

N/a

#### Unit Of Measure:

--

# Demilitarization:

No

Fiig:

A545y0
