Wall Thickness:

0.019 inches

Tubing Material:

Material per mcdonnell douglas specification mms-1205 cond cwsr 105

Design Form:

Prebent

Tube Outside Diameter:

0.375 inches

Special Features:

Connector, mcdonnell douglas part no. St7m201t6 on one end and part no. St7m240t0806 on other end

Fsc Application Data:

Hydraulic system installation, aircraft f-15a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
