End Application:

Used in propulsion systems inc. Propeller hub 378 ft whhec coast guard vessels

Construction:

Seamless

Measuring Method And Length:

112.000 inches specific

Special Features:

Outside diameter is 2 1/2 in.

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
