| Cross Sectional Shape:                          |
|---|
| Square/rectangular                              |
| Wall Thickness:                                 |
| 0.049 inches                                    |
| First End Style:                                |
| Plain   |
| Width:  |
| 1.125 inches                                    |
| Second End Relationship With First End:         |
| Identical                                       |
| Construction:                                   |
| Seamless  |
| Measuring Method And Length:                    |
| 120.000 inches random and 144.000 inches random |
| Heat Treatment:                                 |
| T-6 solution heat treated and artificially aged |
| Height:   |
| 1.125 inches                                    |
| Material:                                       |
| Aluminum alloy 6061                             |
| Specification Data:                             |
| 81348-ww-t-700/6 government specification       |
| Specification Or Standard:                      |
| 2 type and 6 temper                             |
| Shelf Life:                                     |
| N/a   |
| Unit Of Measure:                                |
|   |
| Demilitarization:                               |
| No  |
