End Application:

Used on main propulsion engine model 38d8 1/8 onboard 140 foot cg vessels

Construction:

Seamless

Special Features:

Item is the header fuel oil drian assembly on fiarbanks morse diesel engines model 38d8 1/8 eight cylinder onboard 140 foot cg vessels.

Assembly is machined to receive 1/4 inch o.D.Tubing at predetermined locations along length and 1/2 inch o.D.Tubing on ends

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
