**Cross Sectional Shape:**

Plain round

**First End Style:**

Plain

**Diameter:**

0.250 inches

**Second End Relationship With First End:**

Identical

**Construction:**

Seamless

**Material:**

Steel comp 304

**Material Specification:**

Astm a269, grade t+304 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A004a0
