Cross Sectional Shape:

Plain round

Wall Thickness:

2.1 millimeters

First End Style:

Outside grooved

Diameter:

63.5 millimeters

Second End Relationship With First End:

Identical

Construction:

Seamless

Special Features:

Used on mewss

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A004a0
