**Cross Sectional Shape:**

Plain round

**First End Style:**

Plain

**Diameter:**

0.312 inches

**End Application:**

Lockheed model p-3 and p-3b

**Second End Relationship With First End:**

Identical

**Construction:**

Seamless

**Special Features:**

Supports oxygen system, flight station

**Material:**

Aluminum alloy

**Material Specification:**

Ww-t-700/6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A004a0
