Cross Sectional Shape:

Plain round

Heat Treatment:

Annealed

Material:

Aluminum alloy

Material Specification:

Ww-t-700/4, 0, type 1 federal specification single material response

Specification Data:

81348-ww-t-700-4condoty1-0-3 government specification

Specification Or Standard:

I type and 0 temper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
