Cross Sectional Shape:

Plain round

First End Style:

Plain

End Application:

Rockwell b-1b aircraft

Construction:

Seamless

Measuring Method And Length:

2.560 inches specific

Material:

Aluminum alloy

Material Specification:

Ww-t-700/6, t6, type 1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
