Construction:

Seamless

Measuring Method And Length:

5.000 inches standard

Material:

Aluminum alloy

Material Specification:

Ww-t-700/6, t6, type 1 federal specification single material response

Specification Data:

81348-ww-t-700/6 government specification

Specification Or Standard:

6 temper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
