Cross Sectional Shape:

Plain round

First End Style:

Plain

Diameter:

0.375 inches

End Application:

4930-01-103-7609

Second End Relationship With First End:

Identical

Special Features:

Copper alloy per sae ca122; length 16in.

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
