**Cross Sectional Shape:**

Plain round

**Wall Thickness:**

0.035 inches

**First End Style:**

Single flare

**Diameter:**

0.250 inches

**End Application:**

6625-01-324-3935 probe & interconnecting tube assembly for duct; engine modle f110-ge-400

**Second End Relationship With First End:**

Identical

**Special Features:**

Components include tee-flared tube 1, probe ps-plane 15 2, right/left tube 1 ea.

**Material:**

Steel comp 304

**Material Specification:**

Astm a269, grade t+304 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A004a0
