Wall Thickness:

Between 0.026 inches and 0.030 inches

Mating End Quantity:

1 second end

End Application:

2840-01-333-2064; helicopter, observation (ahip), oh-58d

Tubing Material:

Steel, ams 5571

End Connection Style:

Unthreaded external first end

Design Form:

Prebent

Tube Outside Diameter:

Between 0.995 inches and 1.005 inches

Special Features:

Tube assembly, bleed valve to exhaust collector

Material:

Steel, ams 5571 second end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T383-d
