Mating End Quantity:

2 single end

End Application:

Valve, mixing, metrex valve corp.; strategic sealift conversion ships class

Tubing Material:

Nickel copper alloy

Design Form:

Prebent

Special Features:

Intermediate

Material:

Nickel copper alloy single end

Material:

Nickel alloy single end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
