Cross Sectional Shape:

Plain round

Wall Thickness:

0.035 inches

First End Style:

Single flare

First End Outside Diameter:

0.500 inches

First End Flare Length:

0.250 inches

Diameter:

0.500 inches

Maximum Operating Temp:

800.0 degrees fahrenheit

End Application:

Aav7a1-ram

Second End Relationship With First End:

Identical

Construction:

Seamless

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A004a0
