**Wall Thickness:**

0.024 inches

**End Application:**

B-2 aircraft

**Tubing Material:**

Titanium alloy, ti-3al-2.5v

**Design Form:**

Prebent

**Tube Outside Diameter:**

0.250 inches

**Product Name:**

Tube assembly-coiled, alt, apu actuator

**Special Features:**

Assembly is partially coiled; has internal swage dynatube tube fittings on each end; operating pressure is 4000 psi; length is 56.8 inches

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T383-d
