Cross Sectional Shape:

Plain round

Wall Thickness:

0.062 inches

End Application:

Aircraft, b2 bomber

Measuring Method And Length:

12.000 inches standard

Special Features:

Od is 1.375 inches

Specification Data:

81349-mil-t-8808 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0

Mil-std (military Standard):

Mil-t-8808 spec.
