Wall Thickness:

0.020 inches

End Application:

Aircraft, eagle f-15; nha p/n 878699-5, valve assembly diverter avionics emergency ram air

Tubing Material:

Steel, mil-t-8504, comp 304

Design Form:

Prebent

Tube Outside Diameter:

0.250 inches

Special Features:

A sleeve is the only end connection on assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
