Cross Sectional Shape:

Plain round

First End Style:

Double flare

End Application:

Engine, f100-229 c.I.

Second End Relationship With First End:

Identical

Product Name:

Scavenge tube

Special Features:

Material stainless steel pwa770sst

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
