**Cross Sectional Shape:**

Round

**Inside Diameter:**

0.750 inches

**Exterior Color:**

Yellow

**End Application:**

Fighter aircraft (f18 e/f) (e-nsn isil)

**Maximum Operating Pressure:**

200.0 pounds per square inch

**Criticality Code Justification:**

Agav

**Measuring Method And Length:**

43.0 feet excluding end fittings

**Product Name:**

Hose, supply side

**Special Features:**

Black nitrile tube with yellow nbr/pvc blend cover and textile spiral reinforcement; assembly comprised of hose (1-0.750 id), fitting hose crimp (1 steel 0.750 inch npt), fitting hose crimp (1 steel 0.500 inch npt)

**Material:**

Plastic tube and rubber tube

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A541y0
