End Application:

Filter fluid pressure model 1577-1b dxn5-ba

Tubing Material:

Steel

Tube Outside Diameter:

0.500 inches

Product Name:

Fill line assembly 1/2 inch

Special Features:

Duplex filter assembly. 35-441-202 inch male, 1/2 inch fill line assembly consisting of one steel ball valve part number 01-121-109, two connectors part number 01-121-107, and 1/2 inch steel tubing part number 01-122-005

Material:

Steel single end

Material:

Steel single end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
