Mating End Quantity:

1 second end

End Application:

Ice maker

Tubing Material:

Brass

End Connection Style:

Unthreaded external second end

Design Form:

Prebent

Special Features:

1st end - nut spring loaded, has non standard threads; tube is prebent 90 degrees

Material:

Brass single end

Material:

Copper alloy single end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
