First End Style:

Plain

End Application:

M1a2 cooling installation sep tank.

Second End Relationship With First End:

Identical

Product Name:

Transfer tube, oil cooler

Material:

Aluminum alloy 6061

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0

Mil-std (military Standard):

Mil-a-8625 spec.
