Cross Sectional Shape:

Plain round

First End Style:

Beveled

End Application:

NSN:-15-200-1355

Second End Relationship With First End:

Identical

Product Name:

Tube, vent

Special Features:

Straight tube length 22.1 x tube bent length 8.8 x tube opening .5

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
