Cross Sectional Shape:

Plain round

Diameter:

15.8 millimeters

End Application:

2320-01-519-8173

Measuring Method And Length:

330.0 millimeters standard

Special Features:

Preformed; steel st 35

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
