End Application:

Tube ay, hydr, p93 lio cpt; lio/tc piping installation 02

Product Name:

Tb ay, hydr, p93 lio

Special Features:

Item name text is tube assembly, metal; bending shall be in accordance with military standard 1627c, out of roundness shall not exceed five per cent; serial number to be provided by procuring activity; after cleaning, bag or cap ends to protect them from contamination; hydrostatic test per 8393128 to 3750 psi; contract number n00024-94-c-6200; iges database shall be used in tube manufacturing; next assembly is 5793195

Purchase Description Identification:

53711-6394896

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T383-d
