Wall Thickness:

0.049 inches

End Application:

Af loader

Tubing Material:

Steel, astm a269

Tube Outside Diameter:

0.375 inches

Product Name:

Tupe assembly

Special Features:

length is 22.60 inches, with a bend angle of 90 deg. End fittings are ms51531b6s and ms51533b6s with a 37 deg. Flare, both ends the same. Flare per ms33584.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
