Wall Thickness:

0.020 inches

End Application:

F16; next higher assembly 16h911

Product Name:

Monopropellant-emer pwr unit relief

Special Features:

Outside dia. 0.375 in.; length 23.160 in.

Material:

Steel comp xm-10

Material Specification:

Ams 5561 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
