Wall Thickness:

0.028 inches

End Application:

C-5a aircraft, outboard pylon hydraulic system. T.O. 1c-5a-4-1, figure 1-67, index 23.

Tubing Material:

Steel, ams 5566

Tube Outside Diameter:

0.375 inches

Product Name:

Tube assembly, thrust reverser return, hose assembly to tee, outboard pylon (used on 4p30077-103a and -105a)

Special Features:

Fittings, part no. Ms21922-6 and ms21921-6, both ends. length is 28.65 inches with several bend radius

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
